

FRONIUS SOLAR.WEB APP

/ The convenient app for the easy viewing of PV system data

/ The Fronius Solar.web App is the mobile version of the online service. Simply install the app on your iPhone, Apple Watch, iPod touch, iPad, Android smartphone or tablet and have the energy yields of your PV system constantly at hand. Both up-to-date system production data and historical values can be displayed. Use the Fronius demo systems for a sneak peek at what the application can do. Thanks to the easy start-up wizard, registering the PV system in Fronius Solar.web is simple and convenient as ever.

FRONIUS SOLAR.WEB LIVE

Everything at a glance - the free Fronius Solar.web Live App provides you with a quick and simple overview of the latest data from your PV system.

The functions at a glance:

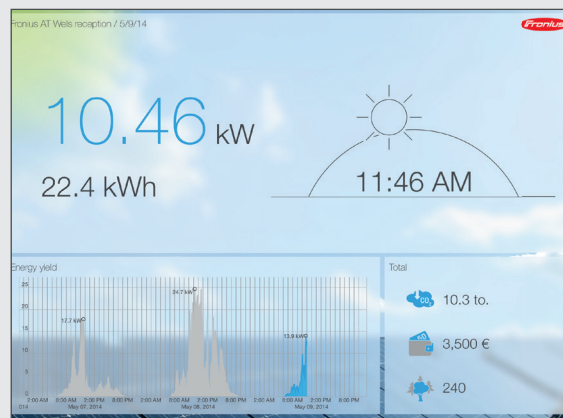

- / Clear presentation of current values and production curve.
- / Archive data from the last 5 days.
- / Intuitive, simple operation.
- / Display of total PV system values.

FRONIUS SOLAR.WEB PRO

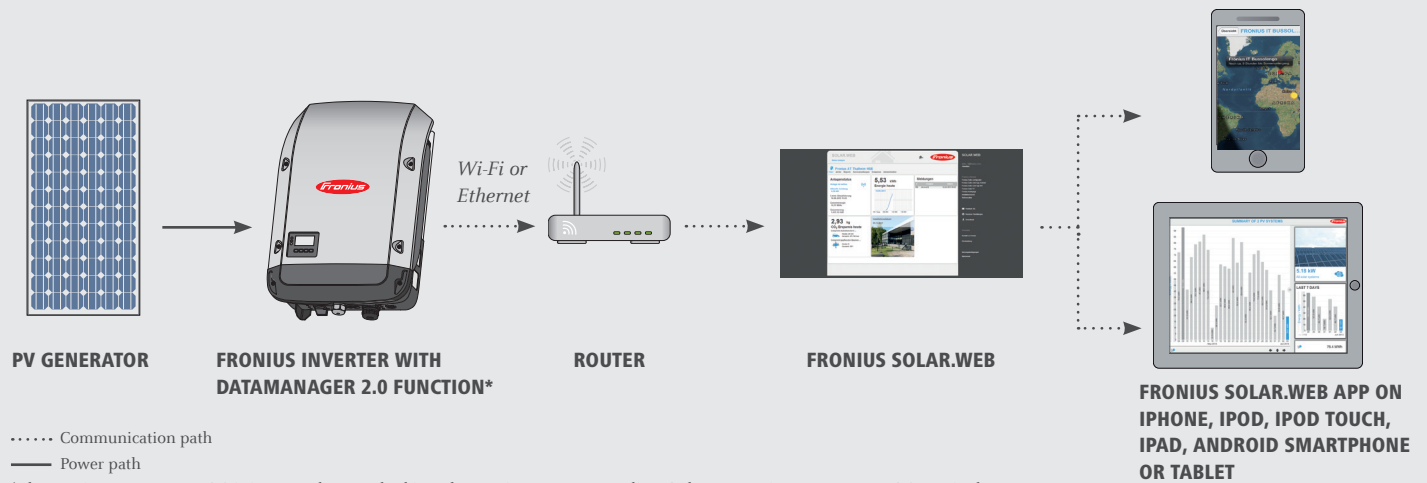

Available for purchase for a one-time fee, the Fronius Solar.web Pro App also allows mobile access to up-to-date historical data. Since several systems can be registered, you can view them all at any time using a single login.

Additional functions of the Pro version:

- / Professional display and comparison of several PV systems.
- / Clear presentation of current values and archive.
- / Additional PV system information.
- / Only monitoring app available with the Apple Watch: Real-time data available right on your wrist.

FRONIUS SOLAR.WEB APP CONFIGURATION DIAGRAM

*The Fronius Datamanager 2.0 is integrated as standard into the Fronius SnapInverter line. Only one Fronius Datamanager 2.0 required per 99 lite versions of SnapInverters. Retrofit installation of a Fronius Datamanager 2.0 can be carried out at any time. A Fronius Solar.web account is required to use the Fronius Solar.web apps.

/ Perfect Welding / Solar Energy / Perfect Charging

WE HAVE THREE DIVISIONS AND ONE PASSION: SHIFTING THE LIMITS OF POSSIBILITY.

/ Whether welding technology, photovoltaics or battery charging technology – our goal is clearly defined: to be the innovation leader. With around 3,000 employees worldwide, we shift the limits of what's possible - our record of over 1,000 granted patents is testimony to this. While others progress step by step, we innovate in leaps and bounds. Just as we've always done. The responsible use of our resources forms the basis of our corporate policy.
